BALLOONING IN JAIPUR

Sail within a breath of lofty hilltop forts and fine regal palaces. Look down upon sleepy villages waking to the early morning sun. Drift past expansive waterside manors and intricately stone carved temples in a magical hot air balloon adventure.

Climb into the basket of your air chariot and marvel as 100 feet of voluminous fabric majestically rise with the dragon-like roar of the flame, over the magnificent 'Pink City' of Jaipur. The colours, vibrancy and striking monuments combine to make Jaipur stunningly beautiful at dawn.

As the balloon's course is entirely dependent upon the wind, no two flights are ever the same, with each one presenting unique and picture perfect photo opportunities. Dependent upon wind conditions, the pilot can 'turn' the balloon using 'rotation venting' to achieve panoramic views.
